2023-2024 Subscription Busing

The Board of Education plans to offer fee based subscription busing to students in Grades 6-8 who do not qualify for mandatory busing in Accordance with Title 18A:39-1. Availability for subscription busing will be limited and offered on a lottery system.

- The 2023-2024 cost to parents/guardians for subscription busing will be \$1550, per child.
- The cost for subscription busing will be determined annually by the School Business Administrator.
- Subscription Busing will be offered on a round trip basis for 181 days.
- Available seats are not guaranteed for future years and the parent/guardian must apply on an annual basis.
- Approved students will be assigned to existing bus stops and routes based on availability closest to their home.
- All students approved for the busing program will be subject to the rules, regulations, safety guidelines, and discipline procedures established by the Board of Education.
- Subscription based students could be removed at any time during the school year if a seat needs to be awarded to a mileage eligible student. Therefore, alternate transportation plans should always be in place.

If you wish to request subscription busing for your child, please [click here](#) and complete the google form by Friday, July 28, 2023. If a subscription bus seat is awarded, you will be notified with instructions to complete the registration and payment process. Please know that we cannot guarantee that there will be space available for every child. For more information on subscription busing, visit our website. If you have any questions, please contact the Business Office at (201) 358-4000. Thank you.

Sincerely,

Kelly Ippolito/SBA
